19.07.-24.07.2018, Székesfehérvár, HUN

UIPM President Dr Klaus Schormann attended the ECMP 2018 European Championships and met with the Executive Board of the ECMP, briefing them on UIPM activities during the first part of 2018 and incoming them about matters of international sporting politics within the Olympic Movement.

With ECMP President Dmitry Svatkovsky and Secretary General Tatiana Ardabieva he discussed special development projects for Europe. More youth competitions are needed and Laser-Run competitions are receiving strong support from ECMP leaders.

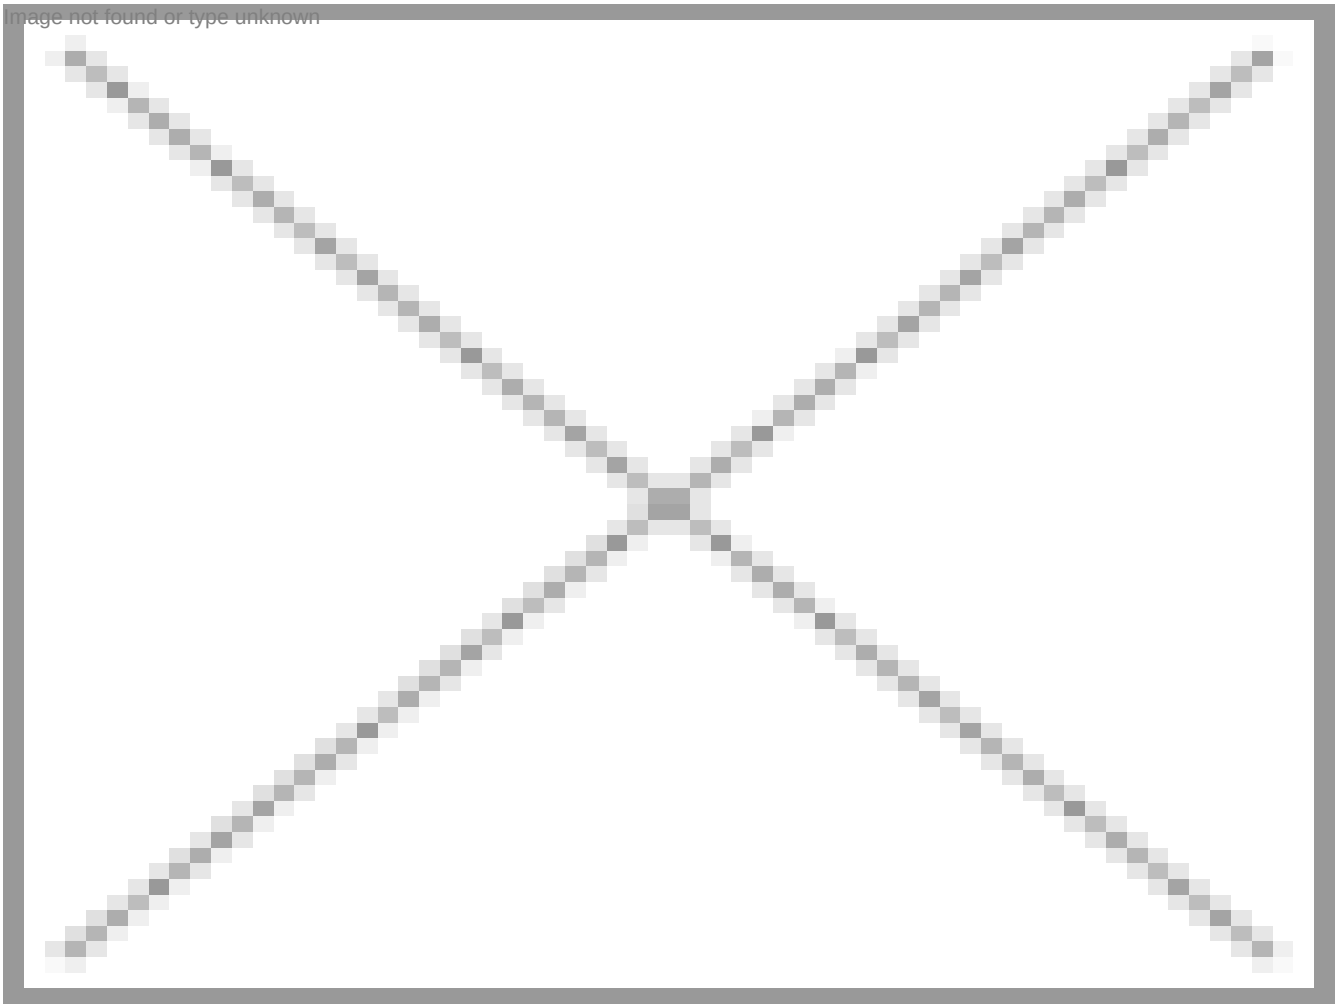

During his stay the UIPM President met with Gabor Balogh, President of the Hungarian Students Sport Association, and Istvan Gallai, Secretary General of the Hungary Modern Pentathlon Association. They briefed each other about preparations for the UIPM 2019 Pentathlon World Championships and Laser-Run World Championships in Budapest (HUN).

This will be the first time that the two World Championships have been combined and UIPM and HMPA are focusing on a great festival of UIPM Sports with more than 1,000 athletes from more than 50 countries. Mr Balogh underlined that the Hungarian Government is ready to be a strong partner for these events through their schools and universities. Together all stakeholders want to

show how close the societies of sport, politics and business will work together with international and Hungarian media to present an unforgettable World Championships.

Dr Schormann also met with Andrey Kuzmanov, President of the Bulgaria Modern Pentathlon Federation and Vice-President of ECMP, the possibility of a World Cup in Sofia (BUL) in 2019 based on the excellent instalment in 2018 and the Under 17 and Under 19 World Championships scheduled for 2019 in Bulgaria.

Together with Alexander Peirits, Honorary Auditor for UIPM and EMPC, Dr Schormann reflected on budgetary matters and the needs of National Federations and Continental Confederations relating to the enlarged UIPM Sports programme.
