How it works

Get set for five days of individual competition in the sequence of Fencing, Obstacle, Swimming and Laser Run – a new format that was introduced at UIPM 2025 Pentathlon World Cup Cairo.

Fencing now features a quickfire direct elimination format where athletes must win 1min bouts to remain in the competition. In Qualification there is a traditional Ranking Round, and prior to the Semi-finals there is a Seeding Round that dictates where athletes are placed in the knockout draw.

Fencing is followed by Obstacle, a new addition to senior Modern Pentathlon where athletes race head to head over a 70m course featuring eight obstacles.

Action then switches to the Swimming pool for a 200m freestyle before athletes line up for Laser Run – five running laps of 600m with four visits to the shooting range. The first athlete across the finish line wins!
