With the UIPM 2016 Senior World Championships fast approaching, the Local Organizing Committee in Moscow (RUS) has launched a dedicated website for the event at www.moscowwch2016.ru. This website can be used by all media outlets and individuals seeking accreditation for the World Championships (May 23-29), and the accreditation process is now open with a deadline of May 16. There is useful information about the visa process and a link to ticket sales as well as background information. During the championships, live results will be carried as usual on pentathlon.org and the finals will be streamed live on uipmtv.org. Also, UIPM has recently launched a Russian social media presence on VK where the latest Modern Pentathlon news will be published in Russian: https://vk.com/vivamodernpentathlon.
